Follow with sc on the other "side" of the foundation chain, until the end.

Close with a ss, make two.

## *Cheeks*

In a magic ring crochet 5 sc.

1° round: 1 ch and 1 inc in each stitch.(10 )

Close with a ss.

## *What happens next*

Once you have all the pieces done, sew cheeks on the bunny's face with a wool needle, then embroidery nose and mouth, adding 2 little black beads for the eyes.

Sew the completed face on the phone case, then add the ears.

If you want you can add a little bow made from some ribbon scraps!
